

GET CONNECTED

SHINE of Missouri is the statewide, physician-led health information exchange delivered in partnership with the Missouri State Medical Association.

This health information network allows connected physicians, hospitals and other providers to share patient information, employ powerful analytic tools designed to help improve clinical outcomes, reduce inefficiencies, and positively impact patient safety.

"The benefit SHINE brings to an independent medical practitioner is inestimable. Providing high quality patient care requires access to timely longitudinal patient data. SHINE delivers this critical data directly to our practice EMR. The MIPS requirements for equitable reimbursement demands practices of all sizes embrace technology.

I applaud the MSMA for making SHINE available and affordable for their members."

Marc Taormina, MD, FASGE, AGAF, FACG, FACP
Independent GI practitioner, Lee's Summit, MO

Why SHINE of Missouri?

SHINE of Missouri is the physician-led health information exchange delivered in partnership with Missouri State Medical Association.

SECURE EXCHANGE OF PHI

Digital transfer of personal health information is secure.

MORE COMPLETE PATIENT RECORD

Helps improve patient encounters and health outcomes while avoiding duplication of labs and tests.

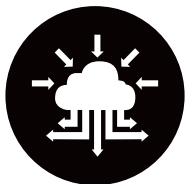

ANALYTICS

Provides participants access to secure analytic dashboard and report services to support improved outcomes, quality reporting, and reimbursements.

DIRECT MESSAGING

Secure messaging between physicians and between physicians and their patients.

TIMELY & EFFICIENT

Efficiencies of scale – information goes into the HIE once and is universally available to participating members of the health care team.

PATIENT ENGAGEMENT

Meets the requirement to provide patients an ONC-certified patient portal that offers 24/7 access to their longitudinal health record.
